

MEET OUR TEAM

Opened in March 2015, our home is privately owned by John Kraft and Belinda Richardson. They work with our committed and experienced team of nurses, care partners, lifestyle staff, cooks and administrators, to ensure every day at Kumeu Village is enriching, safe and comfortable.

Our team of five managers and reception staff are available around the clock to answer queries or offer help. We pride ourselves on having an open-door policy for residents, families and staff.

Belinda Richardson – General Manager

Belinda is responsible for the continuing health of the Kumeu Village business, ensuring our organisation's key objectives are met and our core philosophies are adhered to.

Dayna Pert – Operations Manager

Dayna is responsible for the day-to-day running of Kumeu Village, including supporting staff, communicating with families and promoting awareness of our home in the community.

Alka Chetty – Clinical Nurse Manager

Alka is responsible for supervising our clinical staff, always with the health and wellbeing of our residents as her number-one priority.

Esther van Diest – Quality Manager

Esther ensures that all policies and procedures are being followed so we can continue to deliver a high quality of service here at Kumeu Village. She is also a registered nurse.

Georgia Pert – Administration Manager

Georgia's is the first smiling face you'll see when you walk through the door. She ensures the home is running smoothly, and is responsible for welcoming new residents.

Janneke Laban – Operations Assistant

Janneke looks after our reception and café, and helps with Kumeu Village operations.

Ann Ross – Accounts Manager

Ann oversees all our financial administration, including our residents' individual comfort accounts.

Dr Nathan Joseph

Dr Joseph is our in-house doctor and, with the assistance of the clinical team, his first concern is for the health and wellbeing of our residents. New residents are also more than welcome to keep seeing their usual doctor – just ask us how.
